

Zip Hydroboil Accessory – Tap Font

Model no: ZT004

For use with Hydrotap units which are not being installed at a sink unit.

The Zip Hydrotap font and waste allows the Hydrotap to be installed on a worktop or any suitable surface. It has its own drip tray and drains to waste and permits installation away from a sink. The height clearance with the ZT004 is 225mm, allowing larger vessels such as cafetières to be filled.

Tap font complete with tap extension.
