

Expansion Vessel Mounting Bracket

Size: Suitable for 18 Ltrs

Description:

Allows you to positively mount the expansion vessel, not leaving it hanging on the pipe work.

The bracket is designed to fit Ibaiondo's range of expansion vessels up 18 Ltrs.

It is recommend when purchasing a vessel that an isolation connection valve, part number INSOVKZSKV1, be installed. This allows the vessel to be replaced without the need to drain down the system.
